

Community Environment Fund Application

Complete and submit this form by 5pm Monday 30 September. If you have any questions about this form or your project, email biodiversity@gw.govt.nz

Name of group

Name of the project

Location of the project

Contact Person

First name

Last name

Email address

Phone number

Project description

Please fill in a description of your project telling us what you want to achieve at your restoration site. In your description, please include the following information:

Overview of the aim(s) of the project and what it involves

How will this project benefit the harbour? (e.g. planting stops soil washing into streams and the harbour, and can improve the health of catchment ecosystems)

Who else is involved or supporting this project? (e.g. community groups, tangata whenua, schools, businesses, service clubs or your local city council)

How will this project raise awareness of the environment in your community?

Who will look after the project when it is completed?

You can also email additional information to support this application such as photos, a map or supporting documents, to biodiversity@gw.govt.nz

Project timetable and budget

1. Year Activities and purchases planned (please itemise each activity and cost separately)

Estimated Total Cost

2. Year Activities and purchases planned (please itemise each activity and cost separately)

Estimated Total Cost

3. Year Activities and purchases planned (please itemise each activity and cost separately)

Estimated Total Cost
